MARBLE

# Author of INDIA's first ever book for Marble Industry

India's 1st ever Book written for the Marble Industry & Asia's 1st book on Marble Industry that reveals all the secrets of the Industry. By none other than the Stone Master himself Mr. Ankit Singhal ( Natural stone business veteran and stone master) from Kishangarh.

In this book, He will talk about the nuances of the marble industry and also discuss the various types of marble, granite, and sandstones. As you all know, India manufactures marble in huge amounts and is also a major country for exporting marble. We will also talk about Italian marble, its various advantages and disadvantages and how it is different from the Indian marble. Marble can be used on a number of places like floors, walls, in hotels, offices, bathrooms and several other places.

## ABOUT US

About SRS GROUP – A SRS STONES As a proud member of the SRS Group, SRS GROUP benefits from over three decades of excellence in the stone and building materials industry. With a commitment to quality and innovation, SRS Group has built a reputation for reliability and unmatched expertise, and SRS GROUP now brings these strengths to corporate builders across the UAE and beyond.

SRS Group Legacy: Excellence from 1987 to Today Founded by Mr. Ankit Singhal, CEO and visionary leader, SRS Group has grown into a diversified conglomerate. Mr. Singhal is also the author of The Secret of Marble Industry, the first book in Asia to offer comprehensive insights into the marble industry, establishing him as a thought leader in the field.
